THE RAIDER WAY

Attend, Engage, Succeed

WELCOME

Welcome to Maple Valley School, “Home of the Raiders”. Education is a cooperative venture between parents, teachers, and administrators working toward the goal of the betterment of young people and the community. The key to cooperation is communication and an understanding of school procedures and expectations. The purpose of this handbook is to provide an important source of information for Maple Valley Public School students and parents. We have tried to anticipate what you will need to know to make this school year successful. We urge you to read this handbook and keep in mind that it is not an all-inclusive list of rules, but rather an outline of expectations and procedures, which contribute to the operation of our school. For more detailed policies and procedures stop by the school office or visit the School Board website. If you have any questions, please see your child’s classroom teacher and the building principal. It is important that everyone involved thoroughly understand the organization, regulations, and activities of the Maple Valley Public School. **Failure to know the contents will not excuse a student from following the adopted student policies.**

SCHOOL SPECIFIC INFORMATION

Philosophy of Maple Valley Public Schools:

The administration of the Maple Valley School District believes that it is the mission of the district to:

1. Provide equal opportunities for intellectual, emotional, physical and social development.
2. Build attitudes of appreciation of democratic ideals, tolerance, and civil responsibilities.
3. Develop cultural interest and worthy use of leisure time.
4. Develop self-reliance, honesty, and sound decision-making skills.

An important phase of school should be to build sound character, having as its goal, worthwhile citizenship. Teachers are encouraged to take necessary time to develop desirable ethical, social skills and habits.

Notice of non-discrimination:

The Maple Valley Public School District does not discriminate on the basis of race, color, national origin, age, sex, or disability in its policies/practices. Any person who believes he or she has been discriminated against may file a written complaint with the compliance administrator who is the Superintendent of the school district.

Purpose of school policy:

The Board of Education and the school administration, working cooperatively, develop school policy which is subject to change in terms of changing conditions. Policies, once established by the Board of Education, become the guides for action by the school administration. The actual operation of the school is delegated to the Superintendent, in that he must conform to the regulations as established by the Board of Education and by laws of the Department of Public Instruction. The purpose of this handbook is to familiarize students, parents, and teachers with the procedures followed in the Maple Valley School System. **Students and parents should become familiar with the contents of the handbook so that they have an understanding of the procedures they are to follow.**

MAPLE VALLEY TOBACCO-FREE SCHOOL POLICY

Tobacco use is the leading cause of preventable death and disability in North Dakota. In order to support and model a healthy lifestyle for our students, the school board of the Maple Valley School District has established a tobacco-free policy inclusive of all Maple Valley buildings and property 24 hours a day, 365 days per year (including days when school is not in session). This shall include all district vehicles and all school-sponsored events (whether on or off district property).

The Maple Valley Tobacco-Free School Policy will be enforced with graduated penalties for students (including participation in a tobacco education program, possible suspension and/or community service), employees and visitors. Advertising of tobacco products and acceptance of gifts or funds from the tobacco industry are also prohibited.

The health hazards of tobacco use have been well established. The policy is established to:

1. Reduce the high incidence of tobacco use in North Dakota.
2. Protect the health and safety of all students and the general public.
3. Set a non-tobacco-use example by adults.

Tobacco use is the leading cause of preventable death and disability in North Dakota. To support and model a healthy lifestyle for our students, the School Board of the Maple Valley School District establishes the following tobacco-free policy:

Definitions:

For purposes of this policy, “tobacco” is defined to include any product that contains tobacco, is manufactured from tobacco, or contains nicotine. This would include any form of electronic or alternative nicotine delivery, e.g. e-cigs. This excludes any FDA approved nicotine replacement therapy.

Use and possession prohibitions:

Students: Possession and/or use of tobacco products by students on district property, in district vehicles and at school-sponsored events (whether on or off district property) is prohibited at all times.

Staff/Visitors: The use of tobacco products by all school employees and visitors on district property, in district vehicles and at school-sponsored events (whether on or off district property) is prohibited. This policy includes all events sponsored by the school and all events on school property that are not sponsored by, or associated with, the school.

Additional: The School District will not allow advertising of tobacco products in school buildings, on school property, at school functions on district property and in all school publications. This includes clothing that advertises tobacco products. The School District will not accept any gifts (such as curriculum, book covers, speakers, etc.) or funds from the tobacco industry.

Communicating to students, staff and the public:

This policy will be printed in employee and the student handbooks. It should be posted in highly visible places in all schools of the district, such as, but not limited to: all entrances of school buildings, school playgrounds, athletic fields and school-sponsored events (on district property). Parents will be sent notification in writing, and the local media will be asked to communicate this tobacco-free policy communitywide.

Responsibility for policy violations:

All individuals on the district’s premises share in the responsibility for adhering to and enforcing this policy. The Superintendent shall develop regulations for the enforcement and implementation of this policy.

Tobacco cessation services:

Individuals requesting assistance with tobacco cessation services will be referred to North Dakota Tobacco Quitline at 1-800-784-8669 (1.800.QUIT.NOW), or North Dakota QuitNet @ www.quitnet.com. These are free cessation services provided to citizens of North Dakota.

ALCOHOL AND DRUG POLICY

Prohibited Activities:

The use of illicit drugs and the unlawful possession and use of alcohol is wrong and harmful. It is the responsibility of the school to establish rules that will eliminate such use from the school setting. Therefore, it shall be against school policy for any student;

Prevention of Violence and Other Life Safety Hazards:

Any member of the Maple Valley School District or extended community may submit a report of alleged violations or concerns about any school safety issue to the Superintendent, Principal or School Resource Deputy. This information may be communicated in-person, by phone, email or text message. Contact information for district administrators and the School Resource Deputy is available on the Maple Valley Public Schools website.

The school district reserves the right to maintain a safe and effective learning environment, including elimination of weapons, controlled substances or other harmful or disruptive materials and objects from buildings, properties and sponsored events. The superintendent, principals or their designees may use reasonable and appropriate means to ensure a safe and secure campus. These include, but are not limited to, searches of lockers, containers, bags, backpacks, vehicles, desks, electronic devices and other written materials located on school property or at school sponsored events and based off a reasonable suspicion of misconduct.

On occasion, law enforcement K9 sweeps will be made inside school buildings and through school parking areas, as a deterrent to the possession of controlled substances on school grounds.

Prohibited Substances:

1. Alcohol or any alcoholic beverage;
2. Any controlled substance or dangerous drug as defined by NDCC Sections 19-03.1-05 through 19-03.1-13 and 19-03.1-26 (paraphernalia) or as defined by Section 812, Schedules I-V, of Title 21, United States Code, Section 801, *et seq.*, included but not limited to marijuana, any narcotic drug, any hallucinogen, any stimulant or any depressant;

Any student whose parent or guardian requests that he/she be given any prescription or non-prescription medicine, drug, or vitamin shall follow the procedures of Policy FEAA – Administering Medicine to Students. Please do not simply give medications for students to bring to school. If your student is required to take medication during school hours, please call the school for more information.

Any student violating this policy is subject to discipline which will result in suspension or expulsion and notification of the proper authorities for prosecution. Prohibited substances will be confiscated and will be turned over to laws enforcement authorities. The student may be referred to the school counselor.

Any student who is observed to be under the influence of a prohibited substance will be taken immediately to the administrator's office. The student's parents will be notified and asked to pick up the student. If there appears to be imminent danger to other students, school personnel, and/or the student involved, the administrator may have the student removed from the school by school, medical or law enforcement personnel.

A more detail list of violations and procedures is included in Appendix A of the School Board Policy. Also, other guidelines are listed under Article XI, Section 19 of the Maple Valley School Board policies.

Wallet chains may be considered under this policy as well. Bringing a firearm, as defined in 18 U.S. C. 921, to school will require that proceedings for the expulsion for a minimum of one year of the student involved be initiated immediately by the principal. For more details on the weapons policy refer to Article XII, Section 8 of the Maple Valley School Board Policy Book. This school policy does not apply to licensed law enforcement officers.

TITLE IX POLICY

This requirement not to discriminate extends to educational programs and activities, as well as to employment therein.

You are further notified that inquiries concerning the application of Title IX and this Part may be referred to the Superintendent who is responsible for coordinating the efforts of Maple Valley Public School District to

comply with and carry out its responsibilities under Title IX and this Part, including any investigation of complaints alleging non-compliance. The Maple Valley Public School system does not discriminate on the basis of race, color, national origin, age, sex, or disability in its educational programs/activities and employment policies/practices. Complaints concerning discrimination or harassment, sexual or otherwise, will be received by the building principal or superintendent.

SECTION 504 OF THE VOCATIONAL REHABILITATION ACT OF 1973

The School Board of Maple Valley Public School District in the Counties of Barnes and Cass and the State of North Dakota supports the provisions of Section 504 of the Vocational Rehabilitation Act of 1973, as amended, which commit all North Dakota schools to the elimination of discrimination on the basis of disabling conditions in those programs and activities which receive Federal funds, as well as in all other programs and activities offered to its students. It is the expressed intent of Maple Valley Public School District to provide equal opportunities for all students, free from limitations based upon disability condition. Complaints concerning Section 504 will be received by the building principal. Parents may also contact the superintendent who serves as the district's Section 504 Coordinator.

ATTENDANCE & ABSENCES

North Dakota law contains compulsory attendance requirements for students ages seven through sixteen. In order to comply with and enforce these requirements, the Board establishes the following attendance policy.

Section I: Definitions

- A. For purposes of compulsory attendance reporting under NDCC 15.1-20-02.1 (1-2):
- *Excused absence* is an absence that the District will not use in determining if a compulsory attendance violation occurred. Any absence may be excused if it is supported by either a verbal or written excuse supplied by the student's parent, teacher, or school administrator.
 - *Unexcused absence* is any absence not supported by the verbal or written excuse required for an excused absence.
- B. For the purposes of imposing disciplinary sanctions under Section III of this policy as authorized by NDCC 15.1-20-02.1(3):
- *Approved absence* is an absence that the District believes is necessary and/or unavoidable and has received administrative approval. Necessary and/or unavoidable absences may be caused by illness, injury, family emergency, religious observance or instruction, suspension, participation in a school-related activity, court appearances when subpoenaed, or other reasons deemed necessary and/or unavoidable by the principal or Superintendent. Students granted approved absences shall not be subject to the consequences contained in Section III of this policy. The Superintendent or designee shall develop criteria for requesting and granting an approved absence and shall establish make-up work requirements.
 - *Unapproved absence* is defined as an absence that does not meet the above criteria for approved absences. If a student is absent for an unapproved reason, the parent/guardian shall still be responsible for calling the principal's office to explain the absence, and the student will be subject to the consequences contained in Section III of this policy.

Section II: Documentation Requirements

School administration may require applicable documentation to verify an excused or approved absence, including, but not limited to:

1. Medical documentation from an appropriate licensed healthcare provider;
2. A copy of a court summons or subpoena;
3. An obituary for funeral leave;
4. Verification of planned or executed family travel (e.g., a boarding pass);
5. A request from an official at the student's place of worship;
6. A request for an absence due to a curricular or extracurricular event submitted by the student's teacher, coach, or extracurricular advisor.

Section III: Accumulated Unapproved Absence academic consequences associated with unapproved absences.

The Board believes that unapproved absences are a form of misconduct and authorizes the Superintendent to establish grade-appropriate disciplinary consequences. Students will be afforded appropriate due process rights based on the severity of the disciplinary penalty that the District is considering imposing. Students shall be required to complete make-up work in accordance with administrative regulations or will receive no credit for incomplete work.

Compulsory Attendance Violations

North Dakota law defines what constitutes a compulsory attendance violation. Suspected violations of the compulsory attendance law shall be reported to school administration and investigated in accordance with law. When a compulsory attendance violation is substantiated, the District shall comply with law enforcement reporting requirements under law.

Absences:

A large number of absences can be avoided. Most students do avoid them. Your studies will become easier, your nine-week grades are certain to be higher, your class attendance average will remain higher and your schoolwork will be more interesting if you are present each day. Absences and tardies become part of your permanent school record.

If you are absent:

If an absence is required, a parent or guardian **MUST** call the school to clarify the reason for the absence prior to 10:00 AM on the **day of the absence**. If a parent has not called to confirm the absence this absence will be deemed an unexcused absence. Not all absences, even with parental consent, will be considered excused; a student is required to be in school by North Dakota Century Code (NDCC 15.1-20-01) and certain excuses may not be accepted.

Students, if you are gone for an excused reason, you will have as many days you were gone plus one to complete your work. This may be modified based upon teacher and/or principal request due to time and school schedule. If you are gone a day that an assignment is due, that assignment will be due immediately once you return to school. If your absence is considered unexcused you may receive no credit for work due or assigned on that day (principal and teacher discretion).

If you are gone for a school sponsored event it is up to the student to speak with the teacher about assignment expectations. A teacher may require students to have work completed and turned in before the school sponsored event.

Anytime a student is absent from school, it is the students' responsibility to communicate with teachers. Do not assume that the teacher knows why you were gone, this may have a bearing on how to turn in the assignments that were assigned while you were gone.

Difference between excused & unexcused:

Excused absences shall be those caused by illness, injury, family emergency, religious observance, or those absences granted in advance by the principal.

Unexcused absences are all absences not confirmed by a parent/guardian (truancy), and all absences not falling under the absences designated excused from the above statement. Unexcused absences, even at the fault of the parent/guardian (not calling), may result in detention for the student or other consequences. **If a student accumulates 10 unexcused absences in a class during a semester, the student will receive a W/F from that class. If a student falls below enrollment in five (5) classes during a semester the student risks being withdrawn as a student from the MVPS District for the remainder of that semester.**

Absence reporting:

A student is required by North Dakota Century Code to attend school; this is known as compulsory attendance. At Maple Valley in order to receive credit for classes a student may not have more than 10 non-medical absences **per semester. (Or 20 non-medical absences for year-long courses.)** A medical absence is given when a student can provide a note signed and dated from a medical professional. These medical absences do not count towards the attendance limit.

Perfect Attendance: N/A during the 2020-2021 school year

Tardiness:

TARDY POLICY: The following procedures will be followed:

1. Any three (tardies) in a single class will equal an unexcused absence.
2. At two (2) absences or six (6) tardies, the student may be put on an **attendance contract**. The contract will indicate that any additional tardies will mean disciplinary action.

DETENTION: A detention will be assigned for each period of truancy and for every third tardy. Detention will be served on Tuesday or Thursday in room 102 from 3:30-4:15.

Physical Education absences:

Physical education is required of all students at Maple Valley. Temporary excuses from physical education are accepted as in other subjects. Students granted temporary excuses from physical education should remain in class and assist with activities, additional activities may be assigned by the instructor to make-up the time lost from physical education. Uniform requirements will be explained by the instructor. In order to be excused from physical education for a day, you must first have permission from the instructor, then from the principal. Any long term (more than 3 consecutive days) absence or exclusion from activities must be documented by a doctor or other health professional, notes from parents will not suffice after 3 consecutive absences or exclusions from physical education. This documentation must have a date explaining when the student can

participate within physical education again. If the student has been deemed unable to physically participate within a physical education class, the credit may have to be dropped and the student may be switched to a non-physical education course. The physical education credit may have to be taken another semester/year.

GRADES, GRADE SCALE, & REPORTING

Reporting student progress:

Parent-teacher conferences are scheduled following the first grading period and at mid-term of the third grading period (usually November and March). The conferences are an opportunity for parents to review their child's classroom progress with the teachers. Report cards are issued to students in 5-12 grades using the following grading system:

Beginning with the 2016-2017 school year the grades will be based on a 4, 3, 2, 1 scale. All classes will be Semester classes and Semester exams will be administered at the end of each semester.

A=100-90

B=89-80

C=79-70

D=69-60

F=59 or below

Honor Roll:

Honor rolls will be published after each grading period. Students who average 3.50 and above will be on the "A" honor roll, while students who averages between 3.00 and 3.49 will be on the "B" honor roll. There will be no rounding off of grades for the honor rolls. **Students must receive a grade in all courses in order to qualify for the honor roll.**

Final Exams

Near the close of each semester, a final examination in each subject is given at the discretion of the instructor. The grade received on this final examination is an important part of the final grade.

Senior Test Exemption Guidelines

Semester 2

Any Senior who has met the following criteria shall be exempt from the requirement of taking a second semester final in each of the classes in which the following measures are met:

1. At least a "C" average for the second semester grade in the class
2. All absences related to sickness must be coded as an illness, medical emergency or hospitalized.
3. Students will be allowed two or fewer excused absences per class.
4. Two or fewer tardies in a class.
5. An unlimited number of activity related absences are permitted.
6. Attendance at funerals will NOT count against a student.
7. College visits during the second semester are NOT allowed, except when the visit is REQUIRED by the college and the visit must be verified by providing written correspondence from the school attendance office.

Each case of misconduct will be handled on an individual basis (as each student is treated as an individual); this document will be used as a guide and with that may be changed at the administrator's discretion.

When a student's misbehavior is a violation of school policy and also of the civil and criminal code, the administration in most cases will contact the local law enforcement and provide full and unprejudiced participation.

DISMISSAL FROM CLASS

Dismissal at the end of class will be handled by the teacher, not the bell. Students who do not conduct themselves properly are subjected to dismissal from class at the request of the teacher. Students must arrange for reinstatement in the office.

DRESS CODE

Maple Valley should be a comfortable and professional space for learning. A dress code is an important aspect to sustaining an appropriate learning environment. Our dress code is developed to allow for student expression, but also to demonstrate good taste. If a student is found to be in noncompliance with the school's dress code, he/she will be asked to change (clothes may be provided), if the student refuses to change or comply a parent will be called and the student will need to leave the premises. All absences caused by noncompliance with the dress code will be considered unexcused and a consequence may be applied.

It is the responsibility of students who attend Maple Valley to adhere to proper dress during school hours and at school sponsored activities. Examples of non-acceptable (but not limited to) dress code infractions might be as follows:

1. Articles of clothing must not support alcohol, tobacco, drugs, violence, obscenities, foul language, sex or anything else deemed inappropriate by administration
2. All headgear must be removed and placed within the locker in a timely manner, do not wear headgear to breakfast or in any classroom (this excludes headgear that pertains to a verified religious faith or other headgear preapproved by the administration)
3. No undergarment may be visible. This portion of the dress code directly disallows "sagging" pants, showing bra straps, and any other clothing item that exposes an undergarment
4. A student may wear shorts, weather permitting, but they must be as long as a student's fingertips when the student's arms are extended at their sides
5. Any articles of clothing that fit the description of yoga pants, leggings, or may be assumed as this type of clothing, may be worn as long as the student's top/shirt extends to the mid-palms of the student when the student's arms are extended at their sides
6. Clothing that allows excessive skin to be shown or exposes the midriff will not be allowed. This portion of the dress code directly disallows the wearing of thin strap tank tops (female and male), along with sleeveless shirts as well
7. Any article of clothing deemed dirty, worn, or foul-smelling is not in-compliance with the dress code
8. Ultimately all dress code decisions will be at the discretion of the administration

****As requested by the MVPS School Board, the Dress Code will apply for all students within Maple Valley Public School Facilities at any time, this includes extra-curricular activities

PERMIT TO LEAVE

If for any reason a student must leave school after the day is in session, you must obtain a permit-to-leave slip. These slips are available in the office with permission from your parents or a phone call. Present the permit-to-leave slip to your instructor for his/her signature when you are leaving. Upon your return, present the permit-to-leave slip to the office and obtain a make-up/ admit slip.

Once a student enters the school they may not leave unless there is parental permission demonstrated in the above paragraph. Trips out to vehicles will be limited, but they may take place with permission from the office, these trips may be denied at any time or any reason by the administration.

LUNCH BEHAVIOR

Students are allocated 23-minutes for lunch. Students are required to stay in the lunchroom during this time, the bathroom will be available as long as students do not abuse the privilege. Locker trips will **not** be allowed during lunch due to the fact that other classes will be going on at this time. A student may only go to a classroom if the classroom teacher agrees and is present with the student. Inappropriate lunchroom behavior will be addressed using the Maple Valley High School Discipline Schedule. The lunchroom is seen as a classroom. The specific rules of the lunchroom will be determined by the head cook. These rules include but are not limited to amount of noise, and inappropriate actions within the lunchroom.

PARKING LOT

The parking lot is to allow for students to park within a shorter distance to the school. Please be cautious of younger students and classmates if you drive to school. It is mandatory that students **DO NOT LEAVE** until the busses have left the school parking lot. This is to ensure student safety, but also to help students make appropriate driving decisions.

If a student is caught acting inappropriately (spinning tires, revving the engine, excessive music or noise, etc.) within the parking lot or leaving the parking lot too early they may be subject to discipline.

Please only park in the designated Maple Valley High School parking lot. This is the area immediately in front (Southside) of the high school. If you are caught parking in other unapproved areas consequences will be delivered. If you choose to park in an area deemed private property, the owners of the property will be called, and administration will suggest that the offending vehicle be towed at the student's expense.

STUDENT INFORMATION

Cell phones:

Maple Valley permits students to use their cell phones in-between classes and at times when allowed by the teacher.

- 1) Each teacher will have their own set of rules regarding cell phone use in their classroom. It is advisable that if the student is unaware of each teacher's cell phone policy that they ask their teacher to ensure that there is no confusion on the manner.
- 2) The library, and computer lab are treated like classrooms therefore the cell phone policy is determined by the head supervisor in each room. If you need to make a call with your cell phone, **ALWAYS** ask for permission and please make the call in the area just outside the office (by the pop machines).
- 3) If a cell phone is confiscated:

- a. First offense is a warning and the cell phone will be returned to the student at the end of the day by either the principal or secretary. The student must politely ask to have the cell phone returned.
- b. Second offense within the same school year, the phone will be held by the principal in a locked container until the parent/guardian can come and retrieve the phone. The student will be responsible for contacting the parent in this case.
- c. Third offense within a school year, the phone will be held until a parent comes to retrieve the phone and a consequence will be delivered to the student.

Be mindful that this policy does NOT cover all electronic devices. These issues will be dealt with at the discretion of the administration.

Library/Media services:

The library is intended to serve the needs and interests of the Maple Valley students. The library is open during school hours when a supervisor is present. The librarian serves the elementary and the high school. The card catalog is available at www.odin.nodak.edu. Databases are able to be accessed at home using the following information:

Password: Maple

Barcode Number: 23145001122109

All materials are to be checked out of the library. If books are not returned or are returned in poor condition, the student will be required to pay for the replacement of the book.

HOT LUNCH AND BREAKFAST PROGRAMS

Breakfast and Hot Lunch is available to all students in grades 7-12 when school is in session. Students may be excused to go home for lunch under special circumstances and must obtain permission from the administration. A parent may be required to call to provide permission in the event a student needs to go home for lunch. Students may **NOT** bring friends or other students' home for lunch. If a student brings a sack lunch to school, they will be expected to report to the lunchroom during the noon period.

COLLEGE VISITATION POLICY FOR SENIORS

The following guidelines are in effect regarding taking campus visits. Each student must abide by these guidelines or be given an unexcused absence for the day missed.

Purpose of a campus visit:

1. To familiarize yourself with the campus, its programs, facilities and services.
2. To gain information that you will need in your career/education decision-making process.
3. To ask questions that cannot be determined by consulting the college handbook/catalog.

School policy regarding campus visits:

1. Each senior will be allowed two (2) school days to take a campus tour. Juniors will be allowed (1) campus visit the second semester of their junior year. All college visits must be arranged through the counseling department.
2. Students will be accompanied, when possible, by a parent/guardian.
3. No more than three (3) students will be allowed gone on any single school day unless accompanied by a parent.
4. All attempts will be made to schedule a campus visit on a non-school day (Teacher's Convention, Spring Break, etc.)
5. Each student is responsible for any schoolwork missed during a campus visit.
6. Each student must secure the following at least five school days prior to their campus visit:
 - A. A written permission slip from the parent stating approval, day of visit and if applicable, permission to drive a vehicle. Transportation liability is the responsibility of the parents.
 - B. A written approval from each teacher, stating assignments to be made up.
 - C. Signed permission of the principal, counselor.

COUNSELING

A Counselor is available to Maple Valley students for a variety of counseling services. Individual and group counseling is offered to those who may be experiencing difficulties in school, at home, or in the community. The Counselor is able to help advise students in the area of course scheduling, college visits, scholarship preparation, choosing a college, or exploring a career.

WEIGHT ROOM & SCHOOL FACILITIES

We want our students to be able to use our school's facilities. We also encourage students to be physically active whenever possible. Maple Valley does have weight training facilities near the high school if you are interested in a weight training program please consult with the Maple Valley Activities Director or the school administration. **In order to use the weight room there must be a supervisor present.** We also offer a weightlifting course throughout the year; this may be a great option for you.

Regarding the use of other school facilities (gym, computer lab, classrooms, etc.) please consult with the District Administration. Paperwork (Application for Use or Rental) must be completed prior to use of school facilities as per liability and insurance issues. Administration cannot simply give a yes or no based upon requests to use the facilities. Even though this is a public school, funded by public taxes, students and community members need to follow proper procedures to use the facilities.

The gym will not be occupied by a student unless there is a supervisor assigned. For example, before the 1st-class of the day students may NOT wait in the gym.

SCHOOL RESOURCE OFFICER

Students, staff, and community members have access to a full-time School Resource Officer (SRO). This individual is here to assist the school and stakeholders in any way he or she can. Ultimately this individual is a wonderful resource, and they shall be involved with school activities as much as possible.

The SRO will be available within all three schools at Maple Valley. His or her time will be shared between both elementary schools and the high school. This will allow the SRO to be available for students, staff, and others needing their assistance within all the communities that we serve. The SRO will serve many duties within the schools. These duties will be assigned by the District Administration with the guidance of the SRO and community needs.

CAREER AND TECHNICAL EDUCATION BUS

All students attending the Career and Tech Center in Valley City must ride the bus down and back unless they have a permit to drive. Permits to drive must be signed by District Administration, the student's parents, and the Career and Tech school director. Driving without permission will mean loss of future driving privileges and possible loss of course credit, along with other consequences.

On the rare occasion that a student may be able to drive themselves (and do not have a driving permission permit) a parent/guardian needs to call the school and give permission to drive. This does not allow passengers within the vehicle unless permission is given from those students' parent/guardian. **It is also the student's responsibility to notify the bus driver if they have permission to drive. Any disregard for these rules may cause the student to lose driving privileges for the remainder of the year.**

STUDY HELP

TutorND.com is available for all North Dakota Students free of charge. This service provides a live, one-on-one tutor in many academic areas. If you would like to learn more, please make arrangements with the school counselor.

EXTRA-CURRICULAR & CO-CURRICULAR ACTIVITIES

Policies governing extra-curricular activities:

Each student participating in regular scheduled interscholastic activities, which include team sports, band, chorus, drama, SADD, FCCLA, speech, etc. is, by nature of the activity, a representative of their home, school, and community. This should be kept in mind by all students. It is a privilege to participate in these activities. All students planning to participate in these activities must meet and maintain certain eligibility requirements.

1. Regular school attendance and attendance at scheduled practices or meetings of activity groups is required. Students must be in school by the beginning of the third period of the day to participate in a scheduled practice or activity. Any exceptions must be excused beforehand by the principal. An absence the morning after an event may be considered unexcused. Extra-curricular activities should be limited to those students with the physical stamina to handle both school attendance and activities.
2. In order to be considered academically eligible **a student must be passing in all subject areas (including dual credit classes)**, this means that if a student is failing one course, they will be deemed academically ineligible. Grades will be checked by 9 A.M. Friday, or the last school day of the week, and eligibilities will run from Sunday to Sunday. Quarter 4 grades in the spring will be carried over to determine fall eligibility. The eligibility grade checks will be different from the mid-terms which are sent home.
3. The athletic coach, supervisor, or activity director shall determine whether or not a suspended student (either academically or otherwise) may practice with the group during suspension. **Students under suspension may not leave school early to attend any extra-curricular activity.**
4. Proper dress attire will be determined by the activities coach or advisor.
5. All students involved in school activities are expected to ride to the scheduled event with the group and return with the group. The only exception to this rule would be parents taking the student with them with prior arrangement made with the coach or activities director or principal.
6. Additional training rules may be given by the coaches or activity director regarding but not restricted to dress codes, curfew, team discipline, and travel rules.

7. The use of or possession of tobacco (all forms including e-cigs), alcohol, other harmful substances, illegal use or possession of narcotics or habit-forming drugs, huffing or the intentional misuse of inhalants is prohibited. Any extra-curricular participant will be suspended from all game participation, all school events, all public appearances from the time the school administrator gives notice to the student for six weeks for the first infraction and eighteen weeks for each violation thereafter. Any student found guilty in a criminal activity (except a minor traffic violation) would be subject to the same rule. Violations will be cumulative from 7th grade through 12th grade. Students are considered a 7th grader after the last day of 6th grade. Summer infractions will carry the same penalty as an infraction during the school year and will be counted toward the cumulative record of that student.
8. Any extra-curricular participant who attends a party when alcohol or drugs are being used or who is a member of a group in a car, or elsewhere, where alcohol or drugs are being used shall be suspended from their next two events upon the first offense. These measures will be taken even though the individual is proven to have not indulged in the consumption of alcohol or use of drugs.
9. The student shall have the right to a hearing within three school days after notification. The superintendent shall be the hearing officer. The student shall have the right to be present at the hearing, to present testimony and evidence and to confront the person(s) who have filed the complaint. The student may also have their parents present if desired. If the student is not satisfied with the ruling of the hearing officer, the student shall have the right to have the ruling reviewed by the school board.
10. The Maple Valley School District supports all branches of military and is extremely proud of their students who are devoted to protecting our freedom. Missed time (practices, games, performances, etc.) for military matters will be deemed as an excused absence. The MVHS administration recommends a very prompt and open line of communication between the student-athlete and his/her coach/advisor to ensure both parties understand the situation.
11. Coaches, directors, and advisors have the authority to control participation or playtime based upon what they feel helps the organization's performance.
12. Concussion Protocol: Every incoming 7th, 9th and 11th grade student will be tested. Tests are valid for two years. Return to play criteria forms may be obtained from the district Activities Director or the trainer.

Suspensions from participation:

Students who are under suspension are encouraged to practice and to travel with their respective teams or groups if allowed by the coach, supervisor, and/or activities director. However, suspended students will not be allowed to miss school time to travel with the team or activity.

This policy shall be in effect 12 months per year, including those days and months when school and extra-curricular activities are not in session. It shall be in effect for all extra-curricular activities including those of junior high students.

A student shall be suspended for a period of six (6) consecutive weeks from participation in extra-curricular activities for the first offense and a period of eighteen (18) weeks for any subsequent offense(s). If multiple offenses take place within the timeframe of an original suspension the additional suspension time will be added at the end of the original suspension.

In the event the suspension is administered during a season when the student is not actively participating (i.e. summer – for all students, fall – for a student participating in track, etc.) the student's suspension shall be extended to include a minimum of a two-week or two-contest suspension (whichever is more severe) from the next activity. "Next activity" shall be defined as the next activity in which the student begins practicing at the appropriate date and concluded at the end of the season (i.e. does not start and quit). Should the student's next activity not be until the following year, the two-week or two-contest rule will be applied at that time.

These policies apply to all activities that are not considered curricular. This means if the event is not included within a student's grade, the event falls under the policies of extra-curricular and co-curricular activities. For clarification, these policies control all athletic teams as well as student groups.

These policies will affect all school sanctioned activities deemed extra-curricular or co-curricular activities. Alcohol, tobacco, or drug use may be reported by any individual employed by Maple Valley Schools and law enforcement. These reports will be investigated. By the standards set by the NDHSAA the suspension will begin the moment the student is talked to by the administration.

Conduct:

Each student engaged in extra-curricular activities must at all times conduct themselves as worthy members of the Maple Valley School District. Students must uphold the integrity and honor of the institution. At no time will students leave the site of the contest or program in which the group is engaged without the consent of the faculty member in charge. When leave of absence is granted, the student must conduct themselves in a responsible manner.

Infraction of Rules:

Any student who willfully violates the rules of extra-curricular and co-curricular activities will be subject to suspension or expulsion from that activity (removal from the team). The final decision regarding this issue will be made by the head coach and administration. The superintendent will be consulted if necessary.

Transportation:

Transportation for all contests and events out of town will be arranged for under supervision of the faculty member in charge of such activity and will be cleared through the superintendent's office. Students will not be allowed to ride in vehicles other than those to which the student is assigned by the faculty member or principal.

Bus rules and regulations will apply to any trip under school sponsorship. If a student does not ride on the bus or vehicle assigned by the instructor in charge or without the permission of the person in charge, he/she will not be permitted to take part in the activity or the next activity if the violation occurs on the way home.

Activity awards & lettering:

Maple Valley Public School believes that students should be recognized for their success within the various organizations they are a part of. The program of awards and the ways of earning such will be left to the coaches, directors, and supervisors of the various activities. These individuals will set up their own criteria for awards and lettering. The criteria shall be at a minimum based upon commitment, dedication, practice participation, event participation, and ability amongst others. Ultimately the decision to letter a student participant is left in the hands of the coach, director, and/or supervisor. Administration will not interfere with a lettering decision unless asked by the coach, director or supervisor for input on the matter.

Understand that lettering within an activity is a privilege and is not a right. The coach, director, and supervisor set the standard for lettering for all their participants to reach. If the participant reaches those set standards and is in good standing with the school, they will receive their letter in good faith.

Awards will be presented during the awards banquet at the end of the year. If any mistakes were made with the end of year awards, please contact the administration.

This written authorization must be given to the district official designated in policy and retained in accordance with policy.

The District shall develop information on concussions incurred by athletes and disseminate this information to student athletes and their parents. Before allowing a student to participate in an athletic activity, the District shall require the student and student's parent to submit written or electronic documentation verifying that they have viewed the concussion management information disseminated by the school.

Definitions: For the purposes of this policy:

- *Bullying* is defined as conduct prescribed in NDCC 15.1-19-17. The Superintendent should place this definition, in its entirety, in student and staff handbooks and should develop guidelines to assist students and staff with identifying this conduct.

1. Reporting requirements for school staff: Any school staff member with knowledge or suspicion of a violation of this policy or who has received an oral or written report of a violation of this policy from a student, community member, or anonymously shall contact the building principal to inform him/her as soon as possible. If the alleged violation implicates the building principal, the school staff members shall report it to the Superintendent. If the alleged violation implicates the Superintendent, the school staff member shall file it with the Board President.
2. Reporting options for students and community members: Students and community members (including parents) may report known or suspected violations of this policy using any of the following methods:
 - a. Completing a written complaint form: A complainant will have the option of including his/her name on this form or filing it anonymously. Report forms and all other documentation related to an investigation of an alleged violation of this policy shall be retained by the District for six years after a student turns 18 or graduates from high school, whichever is later. If a student does not graduate from the District, such reports and investigation material shall be retained for six years after the student turns 18.

Investigation Procedures:

School administrators (i.e., a principal, an assistant principal, or the Superintendent) are required to investigate violations of this policy (as prescribed under "Prohibitions"), when in receipt of actual notice of an alleged violation. Actual notice of an alleged violation occurs when alleged bullying, reprisal, retaliation, or false reporting is reported using the applicable method(s) prescribed in the reporting section of this policy.

Upon receipt of a report of an alleged policy violation, the designated administrator shall first determine if the alleged policy violation is based on a protected class—whether actual or perceived. Reports involving a protected class shall be investigated in accordance with the district's harassment/discrimination policy, including the timelines contained therein.

In all other cases, administration shall determine the level of investigation necessary based on the nature of the alleged violation of this policy after considering factors such as, but not limited to: the identity of the reporter his/her relationship to the victim/alleged perpetrator; the ages of the parties involved; the detail, content and context of the report; whether this report is the first of its type filed against the alleged perpetrator. Based on the level of investigation the administrator deems necessary, investigations may include any or all of the following steps or any other investigatory steps that the administrator deems necessary:

1. Identification and collection of necessary and obtainable physical evidence (NOTE: *In some cases, physical evidence may be unobtainable, e.g., a private social networking profile*);
2. Interviews with the complainant, the victim, and/or the alleged perpetrator. At no time during an investigation under this policy shall the victim/complainant be required to meet with the alleged perpetrator;
3. Interviews with any identified witnesses;
4. A review of any mitigating or extenuating circumstances;
5. Final analysis and issuance of findings in writing to the victim and bully and, if applicable, implementation of victim protection measures and disciplinary measures under this or other applicable policies.

Investigations shall be completed within 60 days unless the administrator documents good cause for extending this deadline. Such documentation should be sent to the victim and alleged perpetrator during the investigation.

Disciplinary & Corrective Measures:

Students that the District has found to have violated this policy shall be subject to disciplinary consequences and/or corrective measures. When determining the appropriate response to violations of this policy, administration shall take into account the totality of circumstances surrounding the violation. Measures that may be imposed included, but are not limited to:

1. Require the student to attend detention;
2. Impose in- or out-of-school suspension or recommend expulsion. Due process procedures contained in the district's suspension and expulsion policy shall be followed.
3. Recommend alternative placement. This recommendation shall be submitted to the Superintendent for approval or denial. The Superintendent may approve such recommendations only if the student has been given notice of the charges against him/her and an opportunity to respond;
4. Create a behavioral adjustment plan;
5. Refer the student to a school counselor;
6. Hold a conference with the student's parent/guardian and classroom teacher(s), and other applicable school staff.
7. Modify the perpetrator's schedule and take other appropriate measures (e.g., moving locker) to minimize contact with the victim;
8. If applicable, contact the administrator of the website on which the bullying occurred to report it.

If the misconduct does not meet this policy's definition of bullying, it may be addressed under other district disciplinary policies.

For bullying initiated off campus and received on campus (e.g. cyber bullying), the District only has authority to impose disciplinary measures if the bullying substantially disrupted the educational environment or

posed a true threat. In all other cases of off campus bullying received on campus, the District may only take corrective measures as described in items five through eight above.

If the perpetrator is a school staff member, the District shall take appropriate disciplinary action including, but not limited to: a reprimand, modification of duties (only if allowed by applicable policy, the negotiated agreement, and/or the individual's contract), suspension, or a recommendation for termination/discharge in accordance with any applicable law.

Victim Protection Strategies:

When the District confirms that a violation of this policy has occurred, it should notify the victim's parents and shall implement victim protection strategies. These strategies shall be developed on a case-by-case basis after administration reviewed the totality of the circumstances surrounding the bullying incident(s) or other violations of this policy. Strategies may include, but are not limited to, the following:

1. Additional training for all students and applicable staff on implementation of this policy and/or bullying prevention.
2. Notice to the victim's teachers and other staff to monitor the victim and his/her interaction with peers and/or the assignment of a staff member to escort the student between classes.
3. Assignment of district staff to monitor, more frequently, areas in the school where bullying has occurred.
4. Referral to counseling services for the victim and perpetrator.
5. Modification of the perpetrator's schedule and other appropriate measures imposed on the perpetrator (not the victim) to minimize the perpetrator's contact with the victim.
